

DOCUMENT TITLE: EPC Contract - Material Specifications & Penalties

PROJECT: L&T Metro Project Alpha

DATE: January 15, 2026

SECTION 4: STRUCTURAL MATERIAL SPECIFICATIONS

4.1. All structural steel utilized in the primary load-bearing pillars for Phase 1 must strictly adhere to Grade Fe500D specifications to ensure earthquake resilience.

4.2. Substitution of materials is strictly prohibited without prior written approval from the Chief Structural Engineer.

SECTION 9: PENALTIES AND LIQUIDATED DAMAGES

9.1. Any delay in the project timeline caused directly by vendor negligence, unauthorized material substitution, or failure to deliver approved materials will result in a 2% financial penalty levied against the total vendor contract value.

9.2. The responsible vendor will bear all costs associated with the removal and replacement of unapproved materials.
